Aspiring Front-end Web Developer proficient in HTML, CSS, JavaScript, and React.js. Passionate about building responsive and user-friendly web applications. Currently expanding knowledge in back-end development with Node.js to become a full-stack developer.

EDUCATION

Computer Engineering,
Bhagwan Mahavir University

May - 2023

SKILLS

Technical Skills

Front-end : HTML, CSS, JavaScript, React.js
Other Technologies : Swift
Tools & Platforms : Git, Figma, PhotoShop

Back-end (Learning)

Node.js

Soft Skills

Problem-solving
Communication
Teamwork

PROJECTS

Smart Care – E-commerce Pharmacy Website (Front-end Developer)

Role - Front-end designer

Developed the front-end for an online pharmacy platform, focusing on a seamless and user-friendly experience

- Designed and implemented an intuitive user interface with a responsive layout.
- Ensured a consistent and visually appealing design across all devices.
- Collaborated with back-end developers to integrate UI with functionality.

Tech Stack: HTML, CSS, JavaScript, React.js

Project: Social Media Dashboard

A responsive dashboard built using React.js and Tailwind to display mock social media data, providing insights into user engagement and activity.

- Mock Data Visualisation: Showcases user engagement metrics, follower trends, and post performance using static data.
- Interactive UI: Designed with a clean layout for easy navigation and data interpretation.
- Responsive Design: Ensures a seamless experience across different screen sizes.
